Payment: \$1000 to be paid at conclusion of breeding

Additional agreement:

No fee refunded in whole or in part. If said bitch/fails to be in whelp (pregnant), the owner must give notice to me no later than 50 days after the breeding. A return service will be given to the same stud dog without charge, at the next heat (and only the next heat). If there is no pregnancy owner of bitch is to pay all express and shipping charges in order to receive a return service. If a balance is due, it must be paid in full before the return service is given. If my stud dog dies, is sold, or otherwise not available, I have the right to mate the bitch with one of my other stud dogs of my choice unless both parties agree mutually on another choice. If bitch changes ownership, right of a return service is my option. To assure myself the pregnancy condition of the bitch the right to see and examine her is granted or a letter from a licensed veterinarian stating pregnancy condition of said bitch.

Two puppies constitute a litter. If all puppies are born dead or none survive at 8 weeks of age rebreeding will be provided. If the same condition occurs at second whelping obligations of both parties are terminated.

It is specifically agreed hereby that the owner of the stud dog is not obligated to sign application for registration of this litter until and unless the stud fee has been paid in full.
